MY LETTER OF INTENT

“Finance is all about inventions. Devices that solve problems and that help people do things, and get on with their purposes in life.” Robert Shiller

I've always loved Harvard's motto, Veritas.

Do you remember that Dostoevsky's love story: White Nights ? I will probably not forget that the girl left the poet for a rich man. You don't want that. If you are an artist, an athlete or a student, I will suggest you have a serious backup. Take It Easy Money.

Sometimes things don't have to be complicated. I mean, do you want to make an extra CHF 500.- ? If your answer is yes, here is the deal:

I am establishing a new company called Take It Easy Money. I need your help to sell some shares of my company.

The price of one share is CHF 100.-. For each share you sell, I pay you CHF 50.-. I'll give you a package of 10. Will you help me ?

Please don't ask me to explain to you why The Take It Easy Company is so valuable. Let's just agree that TakeltEasyMoney.com is priceless. That I am being nice by setting the Company Valuation price at one Billion Swiss Francs. And that CHF 100.- per share is a fair offer.

I am the founder of The Take It Easy Money Company. I am a Businessman and a law student. My first goal was to ensure that I could keep studying without having to worry too much about my bills. Take It Easy Money. #Creative financing for creative people.

And why should you buy some of my shares, right ? You will find your own answers. But I will say:

You like this brand, **TakeltEasyMoney.com**. You think that it's beautiful, special and precious. You see its potential. And you want to own a piece of it. So you can shape it. Make it yours before it's too late.
